

CONVENTION ADVISORY COMMITTEE REPORT
5/1/13-4/30/15

The Convention Advisory Committee was formed to re-write the CFA convention guidelines and to act as advisers in planning successful future conventions. Our goal of rewriting the guidelines was finally achieved in 2012 after several intense discussions. The new guidelines have since been approved by the Directors (Trustees) and are now part of the CFA Policy and Procedure records.

The Committee has no power delegated to it to enforce how future conventions are run, however we stand by to advise and make recommendations. To date, we have had no requestS.

Respectfully submitted,

Don Curtis,
Chairman, Convention Advisory Committee
